**YOUTH DEER HUNTING DAYS**

» Youth Bow Hunt  
Saturday, September 24, 2016

» Youth Firearm Hunt  
Saturday, November 19, 2016

**WHO CAN HUNT**

Hunters with a valid youth hunting license. See *Youth Licenses*, page 10.

- The youth hunter MUST be under the direct supervision of a person who is at least 21 years old and who has a valid firearm or bow and arrow license corresponding to the season hunted. Direct supervision is defined as both the youth hunter and parent/guardian set up together at the same location, hunting as a unit, not hunting independently. The adult CANNOT hunt on this day. The adult may grunt, call or rattle for the youth. In addition to the youth, the adult accompanying the youth should wear the required hunter orange during the youth firearm deer hunt.

**BAG LIMITS**

Youth may hunt statewide for one deer of either sex on each of the above dates.

- During the Youth Firearm Deer Hunt, youths may hunt either with a shotgun or muzzleloader. No bows.
- If the youth is hunting with a muzzleloader, both the youth and the adult must possess a valid rifle permit.
- Antler Point Restrictions and Earn-A-Buck requirements do NOT apply on these days for the youth hunter.
- These hunts are extensions of the Fall Bow and Six-day Firearm seasons; no special season deer permit is required. Youth hunters may still use a bow to harvest one antlered deer during the Fall Bow Season, and use an appropriate firearm to harvest two antlered deer during the Six-day Firearm Season.

**REPORT YOUR HARVEST**

The youth hunter should complete all information requested on the Harvest Report Card provided on page 29.

- The card, or hand-made version, should include the youth hunting license number or Conservation ID number, sex of deer, number of antler points, date, zone, deer management unit, county and township from which the deer was taken, in order to have your information ready for when you report your harvest through the Automated Harvest Report System. Youth hunters do not need a harvest number during youth hunts or non-permit deer seasons.

For additional harvest reporting requirements, see page 34.

---

**YOUTH WATERFOWL HUNTING DAYS**

Youth hunters must possess a valid Youth Firearms to hunt the Youth Waterfowl Hunting Days. See also *Youth Licenses*, page 10.

All youth hunters must be under the direct supervision of a licensed, non-hunting adult 21 years of age or older. Hunting hours on these special youth days are from ½ hour before sunrise to sunset on the following dates by zone:

» North Zone—Oct. 1 and Feb. 4
» South Zone—Oct. 15 and Feb. 4
» Coastal Zone—Nov. 5 and Feb. 11

An HIP number is required. See page 65 for all waterfowl hunting requirements. Daily bag limits for ducks, Canada geese, brant, snow geese, coots, moorhens and gallinules will be the same as those allowed during the regular season. Adults may not hunt on this day.

---

In Sussex County’s DMZ 2, Shaelyn Summers, 11, was accompanied by her grandfather Thomas Williamson, as she harvested this doe with a 20-gauge semi-automatic shotgun using 3-inch 00 buck shells.

---

Ryan Hearon and a close four-legged friend enjoy the 2015 Youth Waterfowl Hunting Day.

Guided Morning—pre-registration required.
Open—afternoon: Any youth hunter with a valid youth hunting license under the direct supervision of a New Jersey-licensed, non-hunting adult 21 years or older, will be permitted to hunt on licensed semi-wild hunting preserves. Youth may hunt pheasants, quail and/or partridge on Saturday, November 5, 2016 from 1 p.m. until sunset. No registration required.
Open—all day: Any youth hunter with a valid youth hunting license under the direct supervision of a New Jersey-licensed, non-hunting adult 21 years or older, will be permitted to hunt on the listed wildlife management areas on November 5, 2016 from 8 a.m. until sunset. No registration required.
General Hunting

PRELIMINARY

Regulations in red are new this year.

THIS IS NOT THE FULL LAW. The information in this Digest is based on N.J.S.A. Title 23, Title 13:1B-34 and N.J.A.C. 7:25-5. The amended regulations are known as the Game Code and implement the statute laws. Consult the Division of Fish and Wildlife’s Bureau of Law Enforcement for further details. See the Telephone Directory, page 88, for regional Law Enforcement offices. All persons are reminded that the statutes, code and regulations are the legal documents.

No person shall hunt except as prescribed by law. See section Permits for Hunters with Disabling Conditions, page 14, for special rules.

Persons required by law to wear corrective lenses to operate a motor vehicle (as noted on a valid driver’s license) must wear corrective lenses when hunting with any kind of bow or firearm.

Bow and Arrow

“Bow” means any long bow, recurve bow, compound bow or crossbow. Hand held release devices are permitted.

See additional regulations under Specifically Prohibited, page 27 and page 32 for a table on sporting arms legal for deer hunting.

All bows must have a minimum draw weight of 35 pounds at the archer’s draw length, except compounds, which must have a minimum peak draw weight of 35 pounds and crossbows which must have a minimum draw weight of 75 pounds. Crossbows must have a minimum stock length of 25 inches.

See crossbow safety tips, below. Crossbows are now legal for bowfishing except for Greenwood Lake. Crossbows are permitted for hunting migratory birds. See below for restrictions when taking game birds in flight.

All arrows used for hunting deer, turkey, coyote, fox or woodchuck must be fitted with an edged head of well-sharpened metal and a minimum width of ¼ inches.

Arrows fitted with heads other than specified for deer, turkey, coyote, fox or woodchuck may be carried in the woods and fields during the small game season or other seasons which overlap with the bow and arrow deer season except that for taking game birds in flight, arrows equipped with an edged head are prohibited. Also, flu fu arrows are required for taking game birds in flight because the arrow is designed to fly only a short distance. For the purpose of discharging a crossbow, hunters may carry Judith points, target points or blunts. Canada geese and turkeys which are not in flight may be taken with standard fletched arrows and an edged head as described above.

Sunday bowhunting for deer is legal only on private land and state wildlife management areas. See Safety Zones, page 27.

It is unlawful to:

• use or possess a poison arrow or one with an explosive tip
• use an edged head for taking game birds in flight
• use a bow one-half hour after sunset until one-half hour before sunrise during any hunting season
• use a bow and arrow from any vehicle, moving or stationary
• use both a firearm and bow in possession or under control while hunting
• transport in a vehicle a crossbow in the cocked position

Closed Seasons

There is no hunting or trapping season for bobcat, fisher, mourning dove, sandhill crane and king rail in New Jersey. See Protected Wildlife, page 26.

Dogs, Hunting and Training

Allowing dogs to run at large is prohibited.

Persons may train dogs without firearms in daylight at any time except during any open firearm deer season.

No person shall train a raccoon or opossum hunting dog on WMAs other than during the periods of Sept. 1 to Oct. 1 and from Mar. 1 to May 1 each year. Training hours shall be one hour after sunset to one hour before sunrise.

It is illegal to use dogs to pursue or run deer or black bear or to track wounded deer or bear.

Note: Regulations for dog training on wildlife management areas are on page 70.

Delaware River, Hunting

Hunting on the Delaware River is restricted by state boundaries. A valid hunting license and any appropriate permit/stamp is required for your location.

Falconry

No person shall use a raptor for hunting without a falconry permit and a valid hunting license. No person under 14 years of age may hunt by means of a raptor. Hunting migratory birds with raptors on Sunday is prohibited.

Falconry permits will be issued only to persons who pass a comprehensive examination and who can provide proper facilities for housing a raptor. Beginning falconers must be sponsored by an experienced falconer.

No person shall possess a firearm while hunting with raptors.

For additional information, write to New Jersey Division of Fish and Wildlife, MC 501-03, P.O. Box 420, Trenton, NJ 08625-0420 or call (908) 735-8793.

Farmer Regulations

See Farmer Hunting and Permit Information, page 28.

Firearms and Missiles

For the purpose of hunting in New Jersey, firearms refer to shotguns, muzzleloaders (rifled or smoothbore), air guns and modern rifles.

• Possession and use of silencers are illegal on any firearm. Title 2C:39-1 g. classifies a firearm silencer as “any instrument, attachment, weapon or appliance for causing the firing of any gun, revolver, pistol, or other firearm to be silent, or intended to lessen or muffle the noise of the firing of any gun, revolver, pistol or other firearm.” Pursuant to Title 2C:39-3 c. “Any person who knowingly has in his possession any firearm silencer is guilty of a crime of the fourth degree.”

• A person may not go into the woods or fields with a firearm except during prescribed seasons.

• It is unlawful to possess in the woods and fields shot larger than #4 fine shot except for hunting deer, bear, waterfowl, woodchuck (farmers only) and coyote/fox during the Special Permit Coyote and Fox Season. This shall not apply to the lawful use of ammunition for air guns; see Air Guns, page 25.

• Rimfire and centerfire rifles are not legal to hunt deer.

• See sections on specific game animals for permitted firearms and ammunition. See table on page 32 for sporting arms legal for deer hunting.

• No person shall use a shotgun capable of holding more than three shells at one time or that may be fired more than three times without reloading except for the September Canada goose season (see page 67) and during a light goose conservation order season, if any.

• See Safety Zones, page 27.

10 Safety Tips for Crossbow Shooting Success

1. Always read the manufacturers directions and use the recommended arrow (bolt) weight and length.
2. Always visually inspect crossbow and accessories before shooting to ensure all are in good condition.
3. Keep fingers and thumb low on the crossbow forearm, below the rail; the flight path of string and cable can cause serious personal injury.
4. Never walk with a crossbow cocked and arrow loaded.
5. Never cock a crossbow while in a treestand, except for crank-type models.
6. Always raise and lower unloaded crossbows from a treestand using a hauling line.

7. Before shooting, check that bow limbs will hit nothing when they flex forward during the release. Crossbow limbs store enough energy to knock a hunter to the ground should the bow contact the tree or your stand.
8. Carry in your quiver an arrow with either a field point, judo or blunt. Uncock the crossbow at day’s end by shooting that arrow into a target or soft ground.
9. Never dry-fire a crossbow; releasing the trigger without an arrow in place can damage to the bow limbs or cause serious personal injury.
10. Never store or transport a crossbow in the cocked position.
Air Guns

"Air gun" means any shoulder-mounted firearm which by the force of a spring, air or other non-ignited compressed gas expels a missile or projectile and has a rifled or smooth barrel, using ammunition no smaller than .177 caliber and no larger than .22 caliber producing projectile velocities of not less than 600 feet per second measured at the muzzle. Pursuant to Title 2C:39-1 f., air guns are classified as a firearm. Air gun BBs are not legal for hunting. Air guns are now legal for taking cottontail rabbit, hare and gray squirrel. A rifle permit is not required. Modern air guns have sufficient power to take small game plus are quieter and lighter than some shotguns, making them an ideal tool for smaller-framed hunters. Air guns hunting information is now part of the basic shotgun hunter education course.

IMPORTANT: See Firearms and Missiles, page 24, for the law regarding silencing mechanisms that also apply to air guns.

Muzzleloaders

It is unlawful to use smokeless powder in a muzzleloader while hunting in New Jersey. Only black powder or black powder equivalents, such as Pyrodex and Triple Seven, may be used with a muzzleloading firearm when engaged in hunting.

Properly licensed and permitted hunters 10 years and older may hunt with a muzzleloading rifle. A valid rifle permit must be possessed while hunting with a muzzleloading rifle. Permitted action types include percussion, flintlock and inline. Electronic ignitions are not legal. For muzzleloader barrel types and legal hunting ammunition, see regulations for each game species.

It is unlawful to hunt with a muzzleloading rifle on WMAs, except for deer, bear and during the special seasons for coyote/fox and squirrel hunting. For muzzleloader deer hunting, see page 32. For rifle permit information, see page 12. For muzzleloader coyote/fox hunting, see page 54.

Rifles, Modern

A valid rifle permit must be in possession while hunting with a modern rifle.

Rifles for small game hunting are allowed using limited types of .22 caliber rimfire ammo and are legal only for taking woodchuck (ammo restrictions, page 56), raccoon and opossum with hounds (.22 shorts only) plus coyote and fox (ammo restrictions, page 54). NO rifle woodchuck hunting on wildlife management areas or state parks, forests and recreation areas. Small game hunting with centerfire rifles is limited to not larger than .25 caliber for coyote and fox (see page 54) and .25 caliber or larger for woodchuck (see page 56). See also Firearms and Missiles, page 24.

A modern rifle magazine need not be pinned (plugged), but may be loaded with no more than three cartridges. Rife permit holders of all ages may hunt with all rifle types as allowed by New Jersey laws.

See chart on page 56 for details on small caliber rifle ammunition legal for hunting woodchucks and page 54 for the special permit coyote/fox season.

Shotguns

Shotguns larger than 10-gauge are prohibited for hunting. Shotguns may not be capable of holding more than three shells except for September Canada goose hunting and during the Spring Light Goose Conservation Order; see page 67. For information on legal shot sizes, see regulations for each game species to be hunted.

Hunter Harassment

It is illegal to obstruct or attempt to obstruct or annoy a person lawfully taking wildlife as per N.J.S.A. 2A:42A-1 through N.J.S.A. 23:7A-3. This includes making loud noises or gestures designed to disturb, alarm, drive, attract or affect the behavior of wildlife.

Hunter Orange

Firearm hunters must wear a cap made of solid daylight fluorescent orange or an outer garment containing at least 200 square inches of fluorescent orange material visible from all sides at all times while engaged in hunting. A camo-orange hat alone is not adequate. This applies to all persons while hunting with a firearm for deer, bear, rabbit, hare, squirrel, coyote, fox, railbirds, and game birds including while in a tree stand. See exceptions below along with ground blind hunting fluorescent orange requirements.

It is mandatory to wear a hunter orange hat when firearm hunting for small game on wildlife management areas stocked with pheasant or quail. See list of WMAs at Pheasant and Quail Stamp Areas, page 15.

All firearm and bow and arrow deer and black bear hunters utilizing a ground blind when a firearm deer season is open concurrently must display 200 square inches of hunter orange atop the blind and visible from all sides or within five feet outside the blind and higher than the blind or at least three feet off the ground, whichever is higher. During these concurrent seasons, bowhunters in treestands also should consider wearing hunter orange.

Exceptions: the hunter orange law does not apply to waterfowl, crow, wild turkey, coyote/fox (during the special permit season, page 54), woodchuck nor bowhunters except that a bowhunter using a deer decoy must wear hunter orange, as described above, while transporting the decoy into and out of the woods and fields. During the Six-day Firearm Season, it is recommended that bowhunters wear hunter orange.

Injured or Orphaned Wildlife

If you encounter injured or orphaned wildlife, contact a wildlife rehabilitator. For more information visit our website at NJFishandWildlife.com/bornwild.htm.

Landowner Liability Act

(Excerpted from N.J.S.A. 2A:42A-2 et seq.) a. An owner…of a premises, whether or not posted and whether or not improved or maintained in a natural condition, or used as part of a commercial enterprise, owes no duty to keep the premises safe for
entry or use by others for sport and recreational activities, or to give warning of any hazardous condition of the land or in connection with the use of any structure or by reason of any activity on such premises to persons entering for such purposes; b. An owner of a premises who gives permission to another to enter upon such premises for a sport or recreational activity or purpose does not thereby (1) extend any assurance that the premises are safe for such purpose, or (2) constitute the person to whom permission is granted an invitee to whom a duty of care is owed, or (3) assume responsibility for or incur liability for any injury to person or property caused by any act of persons to whom the permission is granted. Note: A landowner’s liability changes if a fee is charged (or other consideration) or if there is a “willful or malicious failure” to warn of a dangerous condition on the property.

Possession of Certain Wildlife by Persons, Taxidermists & Butchers

No person shall have in possession a deer, bear, migratory game birds or turkey that they did not kill unless it has a label bearing the name, address, telephone number, license and permit numbers of the person who killed the deer, bear, migratory game bird or turkey. Those in the business of processing deer, bear or turkey (that is butchers, taxidermists, etc.) shall keep a ledger of all of their customers.

Each customer’s name, current address, day and evening telephone numbers, Conservation ID Number and possession seal number of any black bear or turkey, or Confirmation Numbers, gender and age (fawn or adult) for deer being processed shall be included in the ledger. The ledger shall be made available for inspection upon request during the hours of 9 a.m. to 5 p.m. by any law enforcement officer or employee of the Division of Fish and Wildlife.

Possession of naturally shed deer antlers is legal. Parts of deer possessed, other than shed antlers, must be from lawfully harvested deer. Proof of lawful harvest (Confirmation Number or seal) should be retained for verification. Road killed deer with a permit are intended only for consumption; antler possession from these deer is not legal.

Protected Wildlife

It is illegal to capture, kill, injure or have in possession any wild bird other than a game bird. The sale of wild birds or game animals or parts thereof is prohibited except as described in N.J.S.A. 23:4-27. For more specific information, refer to our website, NJFishandWildlife.com. See also Sale of Wildlife, this page.

No one may rob a bird’s nest.

All nongame mammals, reptiles, birds and amphibians are protected. Penalties for taking these species range from $250–$5,000.

There is no open season on bobcat or fisher. It is illegal to kill or attempt to kill a bobcat or fisher in New Jersey. For more information about bobcat (including incidentally trapped) and fisher, see page 63.

Bobcat pelts from animals legally harvested in other states may be possessed or sold provided a CITES tag from the state of harvest is attached. Fishers legally harvested in other states may be possessed or sold. See also Possession of Certain Wildlife, above.

Property Damage

Hunters must not hunt in unharvested crops unless first obtaining permission from the owner. Any one causing damage to cultivated crops, orchards, fences, buildings or livestock may be arrested without warrant by the owner, occupant, lessee, or any officer of the law. Violators are liable for a fine of up to $2,000 and restitution to the property owner in addition to the loss of hunting privileges for a period of five years.

Public Land Hunting

For public land hunting, refer to pages 70, 82 and 83.

Sale of Wildlife

The sale of wild birds and game animals, or parts thereof, is prohibited in New Jersey with the following exceptions: legally trapped furbearers may be sold plus the sale of white-tailed deer hides, tails and the lower portion of the legs is legal. See also Closed Seasons, page 24. Questions should be directed to a regional Fish and Wildlife law enforcement office; see page 39.

Edible Portions Guide

Edible portions do not include meat from the head or neck; meat that has been damaged by the method of taking; bones, sinew, and meat reasonably lost as a result of butchering, boning, or close trimming of bones, or viscera. Edible portions do not include meat from diseased or scavenged carcasses. See Wanton Waste of Game, page 27.

For white-tailed deer and black bear:

- Front quarters as far as the distal joint of the radius-ulna (knee)
- Hind quarters as far as the distal joint of the tibia-fibula (hook)
- Backstrap/tenderloin — the meat along the backbone, between the front and hind quarters

For rabbit and squirrel:

- Front shoulders
- Thighs
- Backstrap

For game birds such as turkey:

- breast, legs and thighs

For game birds other than turkey:

- breast
**General Hunting REGULATIONS**

**Safety Zones**
No firearm hunter may carry a loaded firearm or hunt within 450 feet of a building or any school playground, even if unoccupied, except the owner or lessee of a building, and persons specifically authorized by him in writing. No bowhunter may carry a nocked arrow or hunt within 150 feet of a building or within 450 feet of any school playground, even if unoccupied, except the owner or lessee of a building, and persons specifically authorized by him in writing. Persons authorized to bowhunt within 150 feet of a building must hunt from an elevated position to shoot down toward the ground. Note: persons authorized to hunt with a firearm within 450 feet, or with bow and arrow within 150 feet of a building must be in possession of that written permission while hunting. Shooting into a safety zone is prohibited. (See Safety Zone Awareness, page 83, for diagram and safety zone explanation.)

**Wanton Waste of Game**
It is unlawful for any person who kills or wounds any white-tailed deer, black bear, wild turkey, rabbit, squirrel, pheasant, quail, partridge, ruffed grouse or waterfowl while engaged in any hunting to refuse or neglect to make a reasonable effort to retrieve, retain or lawfully take into possession such game animal or bird. It is unlawful for any person to take, kill, or capture any game mammal or game bird and remove from the carcass the head, hide or antlers and leave the edible portions of the carcass and meat to waste except for a furbearer, crow or woodchuck. See Edible Portions Guide on page 26. It is unlawful for any person to place, leave, dump or abandon a game mammal, game bird or wildlife carcass or parts of it along or upon a public right-of-way or highway, or on public or private property, including a stream, pond or waters in this state for the purpose of catching furbearing animals, or remove an animal from the trap of another person.

**Stealing Traps or Trapped Animals**
(Excerpted from N.J.S.A. 23:4-40) No person shall take or unlawfully appropriate, with intent to steal, a trap or the property of another, set along, by or in any of the public or private ditches, streams, ponds or waters in this state for the purpose of catching furbearing animals, or remove an animal from the trap of another person.

**Sunday Hunting**
No person may hunt with firearms or any other weapon or carry a gun in the woods or fields or on public or private property, including a stream, pond or waters in this state for the purpose of catching furbearing animals, or remove an animal from the trap of another person.

**Trespass Law**
Hunters and trappers must have permission (oral or written) from the landowner or lessee prior to entering either posted lands or agricultural lands (which are not required to be posted.) Hunters also must obtain permission to enter posted land and agricultural land to recover deer. Hunters and trappers may not enter unposted land after having been forbidden to trespass by the owner, lessee or occupant either by verbal notice or when the land has been conspicuously posted with intervisible signs displayed not fewer than ten to a mile along the exterior boundaries and at all roads, trails and rights-of-way entering such land. If a hunter or trapper is charged with trespass, they must provide documentation of written permission in court for their defense. See page 71 for the Hunt SMART Courtesy Card.

**Wildlife Damage Control**
Property owners and occupants of dwellings, or their agents designated in writing, suffering damage from squirrel, raccoon, opossum, skunk, weasel, woodchuck, gray fox, red fox and coyote may control these animals by lawful procedures at any time subject to state law and local ordinances. Farmers or their agents may also control the above species by lawful procedures when found destroying livestock, crops or poultry at any time subject to state and local ordinances.

**Youth Hunting**
A youth hunter means the possessor of a youth hunting license—or the immediate family member of a qualified occupant farmer—who is at least 10 years of age. Youth hunter status continues until Dec. 31 of the year in which the youth turns 16. For youth hunters from 10 through 13 years of age, they must hunt under the direct supervision of a person who is at least 21 years old and who has a valid firearm or bow and arrow license corresponding to the season hunted. Direct supervision is defined as both the youth hunter and parent/guardian set up together at the same location, hunting as a unit, not hunting independently. See also Youth Licenses, page 10. Youth licenses are issued free to youths ages 10–15 upon completion of a hunter or trapper education course. Youth hunters pre-registered for and successfully complete a hunter education course will receive their youth hunting license at the course. See Hunter and Trapper Education Requirements, page 8 and Youth Licenses, page 10. Be sure to visit the Take a Kid Hunting section and special youth hunt days, pages 22–23.

**Specificially Prohibited**
- Carrying a loaded firearm within 450 feet, or a nocked arrow within 150 feet of a building or within 450 feet of any school playground (whether or not occupied) is prohibited, except the owner or lessee of a building and persons specifically authorized by him in writing may hunt with a firearm within 450 feet or a bow within 150 feet of the building. **Note:** persons authorized to hunt with a firearm within 450 feet or with a bow and arrow within 150 feet of a building must be in possession of that written permission while hunting. (See page 83 for diagram with complete safety zone explanation. See also Safety Zone, this page.)
- Discharging a firearm or a bow and arrow on and across highways or roads.
- Discharging a firearm or a bow and arrow from a motor vehicle, including ATVs.
- Sights which project a spot or light onto the game animal.
- Hunting or shooting any wildlife by aid of a light, except when hunting raccoon, opossum, or coyote during the special cooyte/flox season.
- Hunting or shooting with the aid of a light attached to or carried in a vehicle.
- On national wildlife refuges, the distribution of bait and/or hunting over bait. Also, no Sunday hunting on these lands.
- Hunting with arrows, darts or any other device propelled by any means that is used for the purpose of injecting or delivering any type of drug into an animal.
- Possessing a loaded firearm in or on a motor vehicle, including all-terrain vehicles (ATVs). Possession of a loaded firearm in or upon a vehicle is considered proof of pursuing or taking of wildlife.
- Transporting an uncased firearm in or on a motor vehicle or ATV or transporting a cocked crossbow in or on a motor vehicle or ATV.
- Shooting into a squirrel’s nest.
- The removal of the skin or feathers or mutilation of any wild bird or mammal in the woods or fields for the purpose of concealing sex or identity is illegal.

In the Delaware Water Gap National Recreation Area, the following apply:
- Baiting is prohibited.
- No permanent tree stands or screw-in steps are permitted.
- You cannot possess a loaded firearm while on any publicly traveled roadway within the area.
- Trapping is prohibited.
- No Sunday bowhunting.
Farmer Hunting and Permit Information

Farmer Regulations

Regulations in red are new this year.

Farmer License Exemption

All farmers hunting deer must have a Conservation Identification number (CID#). Farmers who already receive free farmer deer or turkey permits, and farmers who have purchased a hunting license/permit and/or freshwater fishing license since 2006 already have an assigned, permanent CID#. A CID# is required to utilize Fish and Wildlife’s Automated Harvest Report System. Farmers who are exempt from the license requirement and hunt only during non-permit seasons still must obtain a CID# in order to report their harvested deer. Register for a free CID# online at www.NJWildlifeLicense.com. No purchase is required but you must create a profile in the online license sales site. From our homepage at NJFishandWildlife.com, click ‘Buy your licenses and permits’ and follow the instructions to create a profile. There will be options to purchase a license, apply for permits or print an identification card. Choose ‘Print an Identification Card.’ A card will print with your 9-digit CID#.

All Farmer Deer Hunters: Before going hunting, be sure to go to Fish and Wildlife’s website (NJFishandWildlife.com/hrs.htm) and write down the DMZ, county, township and Deer Management Unit of your hunt location prior to harvesting a deer! Record this info on your license, permit or the Deer Harvest Report Card (page 29) to have accessible for when you report your deer and to record your assigned Confirmation Number. When reporting a deer harvest on your farm property, farmers do not need a Harvest Number during the non-permit deer seasons. To report a deer call (855) I HUNT NJ or (855) 448-6865 online at www.NJWildlife.com. See page 34 for additional reporting information.

A farmer and members of the immediate family (see definition below) who also reside on the farm may hunt, trap and fish on the farm without being licensed or possessing a valid rifle permit. (See page 29 for a cut-out Harvest Report Card.) All hunting, fishing and trapping must be conducted in the manner provided by law during the prescribed seasons. A farm is defined as an area of at least five acres and having gross income of at least $500, and tax assessed as farmland. This exemption does not apply to a tenant or employee who is not an immediate family member.

Immediate Family: For the purpose of farmers hunting and trapping, “immediate family” includes the spouse, mother, father, child, grandchild, stepchild, stepparent, legal guardian, mother-in-law, father-in-law, son-in-law, daughter-in-law, grandparent, great-grandparent, brother, sister, stepsister, stepbrother, brother-in-law and sister-in-law of the farm owner or lessee who resides thereon.

Farmer Regulations

The occupant of a farm may allow his or her dog to run at large on land he or she occupies, except during the firearm deer seasons.

Farmers and their lessees occupying or farming their land, members of their immediate family (see definition above), or their farming employees may kill crows, woodchuck and fox on farm property at any time when found destroying livestock or crops. However, they must use legal firearms, ammunition and other lawful procedures. See also Wildlife Damage Control, page 27. See also General Regulations, page 24.

Farmers must possess the appropriate permit to legally hunt the farm during any hunting or trapping season which requires a permit. Permits are provided free to all qualified farmers for the following seasons: Permit Bow, Permit Muzzleloader and Permit Shotgun deer seasons plus the spring and fall Turkey Permit seasons and the Black Bear Season. Sunday bowhunting for deer is legal only on state wildlife management areas and private property.

Farmers may trap fox destroying poultry, crops or property at any time, subject to state law and local ordinances. Farmers or their agents may shoot or trap coyotes by lawful procedures at any time when found destroying livestock or crops. A regional Fish and Wildlife Law Enforcement office must be notified within 24 hours of killing a coyote. See Telephone Directory page 88.

Permits for Farmers

Fish and Wildlife reviews the Farmer Permit database periodically to ensure compliance. Our Bureau of Law Enforcement will contact you if additional information is required during the re-evaluation process. Farmer status will be inactivated and farmers notified if the information on file is no longer accurate.

New farmers must submit an application to obtain free turkey, deer and/or bear permits. Applications are available on our website at NJFishandWildlife.com/farmer.htm under Farmer Certification Application for Deer and Turkey Permits. Print out both pages and use the instruction sheet to fill out the application. Applications are also available at your local county agricultural extension office.

The preferred application period for farmers is June 1–August 1.

Once approved, farmers may claim their farmer permits by going to any license agent. The dates when permits will become available are listed below.

Farmer Deer Permits

• Farmers may claim deer permits beginning MONDAY, Sept. 12, 2016 at 10 a.m. at any license agent.
• Approved farmers are eligible for one free bow, shotgun and muzzleloader permit and one free Antlered Buck Permit for each of the three permit seasons. See Farmer License Exemption, above. See also Farmer Regulations, above. Two types of farmer permits—occupant and non-occupant farmer—allow the applicant to decide for which permit it is easiest to qualify; see below. Farmers who must change the occupancy status for their deer permit should call (609) 292-1473.
• Only a qualified farmer and members of the immediate family (see definition on this page) who reside on the farm, are eligible to apply for occupant and non-occupant farmer deer permits.
• Farmers may also apply for (or purchase at any license agent) regular deer permits in addition to the free farmer permits. See Deer Season Permits, page 16.
• Farmers are eligible for a Farmer Buck Permit which are limited to only one per person per season. If a farmer claims their FARMER Buck Permit they cannot purchase an Antlered Buck Permit. Likewise, if a farmer first purchases an Antlered Buck Permit, the farmer cannot claim a Farmer Buck Permit. The Antlered Buck Permit is valid for any zone in which the farmer has an antlerless permit for the season.

Occupant Farmer Deer Permits

• Applicants must be the owner, lessee or members of the immediate family (see definition on this page) who actually reside on the farm property.
• Land must be at least five acres, tax-assessed as farmland.
• Occupant permits are valid only on the farm property where the applicant resides.

Non-Occupant Farmer Deer Permits

• Applicants are not required to live on the farm property.
• Farmer(s) and members of their immediate family (see definition on this page) may qualify, up to a total of five people.
• Must actively till at least 30 acres of land which is tax-assessed as farmland.
• Woodlots do not qualify.
• To apply for hunting leased farmland, a copy of all leases authorizing the agricultural and hunting uses of the land must be attached to the application.
• Non-occupant permits are valid only on private land within the deer management zone designated on the permit and are not valid on public lands within that zone.
• An applicant who lives on a farm and actively tills at least 30 acres may apply either as an occupant or a non-occupant.

Farmer Turkey Permits

Farmers may claim fall season turkey permits beginning MONDAY, September 12, 2016 at 10 a.m. at any license agent. Farmer Turkey Permits are only for Occupant Farmers. Fall Turkey Season is now open in all Turkey Hunting Areas. Farmers may claim spring season turkey permits beginning MONDAY, April 3, 2017 at 10:00 a.m. If you experience a problem obtaining the fall permit at a license agent, call (609) 292-1473.

Farmer turkey permits are available only to the farmer and immediate family who reside on the farm. See definition of “immediate family” on this page. Farmers may also apply for (or purchase at any license agent) regular turkey permits in addition to the free farmer permits. See the turkey permit supplement, distributed each January or on our website for details.

Farmer Bear Permits

Only the owner or lessee of a farm, who resides thereon, or members of his immediate family 10 years of age or older who also reside thereon, may apply for forms provided for a special farmer black bear permit. See definition of “immediate family.”
Deer Harvest Report Card

All hunters may use this card to fulfill tagging requirements upon recovering their deer. Confirmation # required if continuing to hunt where bag limit has not been reached, except those DMZs where two deer at a time may be taken.

Youth & Farmers: Record your deer harvest information here prior to using the Automated Harvest Report System via phone or the Internet for deer taken during the Fall Bow, Six-day Firearm, Winter Bow or Youth Hunt Day seasons when there is no license tag on which to record youth or farmer harvest data. To report your deer, call (855) I HUNT NJ or (855) 448-6865 or NJFishandWildlife.com/ahrs.htm.
