General Conditions for Salvage Permits

In an effort to minimize disturbance during salvage activities in the field, we are delineating additional requirements as part of the conditions of your salvage permit. These conditions will assist the Division of Fish and Wildlife Law Enforcement personnel.

- ❑ A photocopy of your current Salvage Permit/Permits and the General Conditions for Salvage Permits must be carried by all permittees and subpermittees while in the field and shown upon request to authorized personnel while engaged in salvage activities. All specific and general conditions must be strictly adhered to.
- ❑ **NO UNAUTHORIZED PERSONS** should be included in salvage activities. Unauthorized persons may not take or attempt to take salvage or participate in salvage activities. Only authorized permittees for each specific site should conduct salvage activities. Violation of these conditions could result in penalties, fines and/or possible revocation of your permit.
- ❑ Salvage activities for Nongame Migratory Birds, requires a current applicable Federal Fish and Wildlife Permit. Sub-permittees must be listed specifically on the Federal Permit as well as the New Jersey Salvage for Nongame Migratory Bird Permit.
- ❑ It is the responsibility of the permittee to obtain prior written permission of the landowner or managing governmental agencies to conduct salvage activities. This must be obtained prior to entrance on any land for salvage activities.
- ❑ Observation of illegal salvage activities should be reported to the appropriate Division of Fish and Wildlife Law Enforcement office with as much relevant information as possible (license plate numbers, etc.).
